

Want to Feel Just Right?

Take an NR Tonight

JUST TRY IT AND SEE how much better you feel in the morning. That "lumpy," headachy, tired, don't-know-what-the-matter-feeling will be gone—you'll feel fine.

TROUBLE IS your system is clogged with a lot of impurities that your over-worked digestive and eliminative organs can't get rid of. Piles, oil, salts, colic and ordinary indigestion, catarrhs and purges only force the bowels and prod the liver.

Nature's Remedy (NR Tablets) acts on the stomach, liver, bowels and even kidneys, not forcing, but toning and strengthening these organs. The result is prompt relief and real, lasting benefit. Make the test. Nature's Remedy will act promptly, thoroughly, yet so mildly, so gently, that you will think nature herself has come to the rescue and is doing the work.

or not, and so refused to do so."

"Senator Brandegee of Connecticut asked the President some important questions at the meeting. He reminded the President that such men as ex-President Root, Justice Hughes and ex-President Taft have said that if we are to accept the world club plan there must be certain written things agreed to so that the United States will be protected against all these other countries. The President does not think this way and believes the world club plan to be all right as it is and that everything in it is plain and safe. But Senator Brandegee is afraid that if men disagree about it now, even before it has been decided whether the United States shall join or not, certainly later on, many years from now, men will be unable to agree just what the treaty means and therefore caused us a lot of trouble. In other words, children, suppose we three decided to have a club and we wrote rules by which we agreed to abide. Then before we agreed to really start I would say that they meant another, and Ruth would say they meant still something else. Don't you think it would be better not to have the club than to start it that way, with all of us unable to agree? Certainly if we couldn't agree before the club was in working order we couldn't agree afterward. That is exactly the situation with regard to the league of nations."

"During the meeting President Wilson admitted that he did not know until he went to Paris that Japan, Great Britain, Italy and France had made secret treaties in which they agreed to treat certain land as to be divided after Germany was beaten. In other words, some of our most important allies misled the President and our country, up to the time of agreeing to the peace terms. There must be other secret treaties about which we know nothing and we certainly cannot trust these countries in the world club plan if they misled us at the very time they invited us in to help make a peace treaty on equal terms. The best thing we can do as a country, is to follow the advice of George Washington and keep the United States independent to act with other nations in its own way, according to circumstances as they arise."

"If we join this club, Uncle Ted, will you and other men have to go and fight in every old country in the world?" asked Jack.

"Well," answered Uncle Ted, "President Wilson said in his opening statement that we could decide for ourselves whether we want to fight or not, but when Senator Knox asked him about it later on he said we would be absolutely bound to fight whenever any member of the club was attacked by another and the only way out was to have war. So you see children, the whole club plan is so mixed up and great men disagree so about what this country would have to do, that the best thing for us is to stay out and follow the teachings of George Washington and Abraham Lincoln. One thing is sure if we join we will be in more wars than we have ever been in before, because we will have to fight the battles of other countries and this is exactly what we don't want to do."

"I think that if the other countries got into trouble they ought to fight their own battles," said Jack. "I sure wouldn't belong to a club that would make me help fight for the fellows in the other end of town, whom I don't owe anything to. I've got enough troubles of my own."

"That's it, Jack," laughed Uncle Ted. "That is the whole idea in a nut shell."

ADDRESSED TO A DOG

Lookout Tiger!

So soon as the Dog Days are passed mercenaries with draglines and firearms will be pursuing dogs to murder them by violence for the general assembly, which makes the law, for life and death for dogs as well as men, turned two deaf ears each to the noble woman who pleaded pitifully for the use of euthanasia in the dog pound.

Attach a life insurance policy to your neck for in that alone does safety lie.

Forty farmers, in the legislature, conspired to rob dogs of mutton or life, or both.

Before the Ides of September, no less than 88 assassins, paid on a piece work basis, shall pursue with deadly and doubtless effective, intent, all dogs who have not a talisman tag.

If wool be found in a dog's teeth the talisman's efficiency is compromised; remember that, for 'tis a solemn warning.

The cold-blooded assassins are to be hired by the sheriffs and untaged dogs will be destroyed regardless of their pedigree, high purpose or love of children.

Appeal to the Society for Prevention of Cruelty to Animals will not avail. The ladies and gentlemen of that body who failed to prevent the robbing of the garbage can to your dietetic distress, were guilty also, of stewing to barnyard all bones while using them for soup-making, as a war measure.

In them you have no hope. They get a share of the dog tax.

Listen! Tiger.

If your master has not shown a proper gratitude for your self-sacrificing devotion to his every interest and evident appreciation of his personality, to the extent of the cost of a tag, get a new one whose bowels of compassion are more self-assertive in the interest of a man's best friend.

Many a man would prefer being united in heaven to his dog rather than to his relatives, but it is futile to speak of this for the man who has valid hope of heaven is he who has paid his dog tax, so that's no comfort to a tagless dog.

Cradle Your Car on Miller Uniform Cords

THOSE dead-weight blows of the load below the springs are what shatter cars to pieces long before their time.

Here is a way that practically ends this evil—the Miller Cord Tire—buoyant, over-size, elastic. Thousands of cable cords as strong as bow-strings, floated in new, live rubber, layer on layer. It gives and takes as it rolls on the rough of the road—it neutralizes shocks—you ride with bird-like ease.

Miller Tires, Cord and Fabric alike, are uniform in mileage, tire after tire. The result is that every Miller is a long-distance runner. Come here and get the size and type you need. And get acquainted with our expert repair work, quick service and reasonable charges.

HEALTH BUDGET
(Continued from page one)

and adjourned to September 16, at 10:00 a. m. for the purpose of making up a Budget and the Advisory Board consisting of the Trustees and Mayors adjourned to the same day at 2:00 p. m. for the purpose of approving the Budget.

During the first meeting not a copy of the law was given to a member of the Advisory nor to a member of the Board of Health. Neither was it explained whereby two counties could go together and form one Health District, thereby dividing the expense. Neither was it explained that nurse hire, doctors, food bills, etc., of the needy must be met by the Townships and Municipalities, as under the old law, and not be paid from the County Health Fund.

Under Section 25 of the new Health Law it specifies that the Budget must be submitted to the Auditor, who calls the Advisory Board together for the purpose of approving the Budget. On September 9, I received a letter from Dr. Skeen, State Health Organizer requesting me to call a meeting of the Advisory Board to meet September 16, at 2:00 p. m. the same time the Board had adjourned to for the purpose of approving the Budget.

This I refused to do for the following reasons:

This Budget of \$13,000.00 was made by the Board of Health at 11:00 a. m., submitted to me at 11:30 a. m. and

the State Organizer wanted it passed upon at 2:00 p. m. the same day, without a member of the Advisory Board having ever seen a copy of the law. I would not be a party to such railroad legislation.

I oppose this Budget from the fact that it is too expensive. No legislation was provided to raise the money by taxation.

The Townships and Villages receive from the General Tax about \$146,000 each year. This amount of \$13,000.00 under the law, has to be taken out of the \$146,000.00, and the balance distributed to the various Townships and Villages.

I believe that 10 per cent of all the money raised by taxation for Townships and Villages is too much for Health Supervision and supervision alone.

The money received in the jubilee million dollar drive is not being raised to conduct such a campaign, but will be expended for the purposes named in the budget. We are in an educational campaign against tobacco and have been in such a campaign for more than thirty years. In this campaign we have the sympathetic cooperation of leading educators and Sunday School workers. The Woman's Christian Temperance Union since its organization in 1874 has proven its worth and has justified the confidence and esteem given it by the people of our country. Biliousness

WHEN you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever.
